Organic Essential Oils
from Greece

Where purity

meets purpose.

WHO WE ARE

Rooted in Greece. Grown for the world.

From the highlands of Siatista in Western Macedonia, Gourmel Group is a family-owned company specializing in the cultivation and steam distillation of organic lavender essential oil. Officially established in 2015, we combine agricultural tradition with modern quality control and international business know-how.

Our mission

At Gourmel Group, our mission is twofold:

1. To deliver pure, traceable, and responsibly produced essential oils, with quality and consistency at their core.
2. To build lasting partnerships with clients who prioritize integrity, sustainability, and long-term value.

*We don't just sell oil.
We cultivate relationships.*

WHAT WE OFFER

Lavender – Our Core

We produce premium-quality, certified organic *Lavandula angustifolia* essential oil, fully grown, harvested, and distilled under our own control. From plant to product, everything is traceable.

- ✓ Steam-distilled
- ✓ BIO-certified
- ✓ Cosmetic-grade purity
- ✓ COA & MSDS included

Beyond Lavender

Through our network of trusted producers, we can also source other essential oils upon request. While not under our direct cultivation, they undergo the same quality control and documentation processes before they reach your hands.

*Lavender is what we know best.
But sourcing is what we do well.*

HOW WE WORK

Purity You Can Trace

We cultivate our lavender at high altitude (850 – 1100m) untouched by pesticides, watered by the mountain air of Western Macedonia.

Steam Distillation with Care

Distillation takes place using low-pressure steam and cutting - edge stainless steel equipment. The result? A premium oil rich in esters and low in camphor , ideal for cosmetics and aromatherapy.

Certified & Sustainable

- 💧 Organic EU Certification
- 💧 Full traceability from field to barrel
- 💧 Commitment to a carbon-neutral process via solar energy and smart resource use

*From the soil to the senses
we control every drop.*

WHY PARTNER WITH US

Small-Batch Focus. Global-Scale Thinking.

You want suppliers, not surprises.

We understand what B2B buyers value: reliability, documentation, responsiveness, and long-term consistency.

What sets us apart

- ✓ Consistent supply & quality
- ✓ Fast lead times
- ✓ Transparent sourcing for other oils
- ✓ Custom packaging formats
- ✓ Ethical, sustainable, and traceable
- ✓ Small enough to care, structured enough to deliver

We collaborate with brands, wholesalers, labs, and cosmetic manufacturers who expect premium quality and dependable communication.

*Small enough to care,
structured enough to deliver.*

WHY WORK WITH US

G O U R M E L

Let's work together.

Whether you're a brand sourcing ingredients or a wholesaler looking for quality and flexibility, we're ready to support your needs.
